The contractor shall submit any requests for adjustments in writing to the contracting officer. Requests shall include a copy of the

relevant index and must be within the allowed time period for adjustment. Any adjustments authorized as a result of the adjustment request will not be retroactive. The date the completed request is received by the contracting officer will be the effective date of any changes in price.

The contractor also is required to request downward price adjustments. All downward adjustments will be retroactive to the authorized adjustment date as specified in this clause. If downward price adjustments are not requested and this is later revealed through audits or otherwise, the contractor shall reimburse the Government the amount overcharged plus interest. Interest will be computed at the rate set annually by the Secretary of the Treasury for late contract payments. Interest will accrue from the date the adjustment should have been made.

In computing any contract price adjustment, the most recently published index as of the date of award will be compared to the most recently published index as of the date of adjustment. No adjustment shall be made if the referenced change is less than 2%. Total upward adjustment for the contract period, including any option periods, shall not exceed TEN [10]%, based on the original or option period contract price; downward adjustments are not limited. 52.212-2 Evaluation - Commercial Items. (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1. Past Performance (3 references that you provided same or similar item(s))
2. Technical Capabilities
 - 2{a} Proposed resources available for Technical Assistance
 - 2{b} Procedures for quality resolutions.
3. Price

*****NOTE***** PLEASE SUBMIT A LETTER/MEMO WITH YOUR OFFER ADDRESSING EACH ELEMENT OF EVALUATION FACTOR NUMBER TWO (TECHNICAL CAPABILITIES).

Tradeoff Process: It may be in the Governments best interest to consider award to other than the lowest priced offeror or other than the highest technical rated offeror. This process may include tradeoffs among cost/price and non-cost factors and allows the Government to accept other than the lowest priced proposal if the perceived benefits of the highest priced proposal are determined to merit the additional cost.

NOTE: Past Performance and Technical Capabilities, when combined, are significantly more important than cost or price.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offers specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

OFFERORS ARE ADVISED THAT THE GOVERNMENT MAY EVALUATE PROPOSALS AND AWARD WITH OR WITHOUT DISCUSSIONS. THEREFORE, THE INITIAL PROPOSAL SHOULD CONTAIN THE OFFERORS BEST TERMS FROM A COST OR PRICE AND TECHNICAL STANDPOINT. HOWEVER, THE GOVERNMENT RESERVES THE RIGHT TO CONDUCT DISCUSSIONS IF LATER DETERMINED BY THE CONTRACTING OFFICER TO BE NECESSARY.
